As you will see by the above statement that I have done quite a bit of work for the amount appropriated. It was necessary to do the most needed work and leave some that was not so urgent as we didn't wish to overdraw. Next year with the same amount I feel that we can begin to see some headway. Thanking your townsmen in behalf of this good cause I am very respectfully yours.

A. C. HANSCOM,
Dentist.

REPORT OF THE ACTON SCHOOL DEPARTMENT

Our educational program has been going on successfully during the past year. We are giving special attention to the most important fundamentals, as that is about as far as we can go in the ordinary rural school; and the results in most cases compare favorably with those attained in other towns.

We have a good group of teachers, notwithstanding the small pay which they receive. All new teachers are normal graduates, who are well qualified for the positions that they hold.

The general health of the children has been good, although some special cases have needed attention. Last year an appropriation for dental service was made. Several of the pupils have had attention. We believe there is no way that so much good can be done for a small amount and recommend another appropriation this year.

Our flag equipment is near the vanishing point. Money for flags has to be raised by special appropriation. Twenty-five dollars will probably be sufficient.

The attendance at the various schools is as follows:

Riverside	15
Fox Ridge	11
South Acton	17
Acton Ridge	3
Hilton Ridge	8
Acton Corner	18

It will probably be necessary to discontinue the school at Acton Ridge, as only three pupils remain. The only solution seems to be to transport them to the Newfield school coach and send them to Newfield.

The following pupils have had perfect attendance to February 7: Elizabeth Miller, Ralph Treadwell, Richard Lovell, Norman Lovell, Robert Rand, Lawrence Currier, Arlene Currier, Kathleen Currier, Margie Mee, and Olive Mee.

Raymond Wilson has not been absent.

Raymond Hutchins missed one day when the school car could not reach him because of a blocked road.

As only a few repairs have been made during recent years, more will be needed this year. The schoolhouse at Acton Corner needs shingling, and the one at Fox Ridge should be painted. Something ought to be done to the lot at Hilton Ridge. Why not have an old fashioned bee and fix it up?

An examination of the financial account will show that the income was not quite equal to the costs; but, if the school at Acton Ridge is discontinued, the same appropriations as last year ought to be sufficient. The committee recommend the following:

For Elementary and High Schools	\$4,000.00
For Repairs	200.00
For Superintendent	180.00
For Flags	25.00
For Dental Service	25.00

Thanks are due to committee, teachers, and citizens for helpful assistance.

Respectfully submitted by

CLARENCE E. MICHELS,

Superintendent.
